Integrative Medicine International is a peer-reviewed open access journal that serves as an instant media platform for those wishing to publish research reports and any other relevant content dealing with diagnosis, evaluation and therapy. The journal focuses on the latest trends and developments, experiences and achievements in all areas of integrative medicine, complementary and alternative medicine (CAM), as well as advances in the attempt to modernize traditional medicine. This includes traditional herbal medicine, acupuncture, tai chi, chiropractic, massage, mind-body therapy (music therapy), yoga therapy, Ayurveda, creative therapy, nutrition counseling and exercise programs.

Manuscripts can be submitted in the form of original articles, review articles, herb-drug interaction reports, clinical trials and clinical experiences. The objective of the journal is to publish new methods in research and therapy to complement and extend the methods of western medicine. Due to its integrative and cross-disciplinary approach, the journal should be of interest to readers worldwide.

Integrative Medicine International
