Copyright Transfer Statement

The copyright to this article is transferred (for US government employees: to the extent transferable) to S. Karger AG, Basel effective if and when the article is accepted for publication by Chemotherapy.

The copyright covers the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline and online) or any other reproductions of similar nature.

The submitting/corresponding author declares that all co-authors of this article have been informed of the submission.

The submitting/corresponding author warrants that this contribution is original, that he/she has full power to make this grant, that he/she has not granted or assigned any rights in the article to any other person or entity, that the article is copyrightable, and that it does not infringe upon any copyright, trademark, or patent.

The submitting/corresponding author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors.
