
Host Parasite Relationships in Gram-Negative Infections

Progress in Allergy

Vol. 33

Series Editors

Kimishige Ishizaka, Baltimore, Md.; *Paul Kallós*, Helsingborg;
Byron H. Waksman, New York, N.Y., and *Alain L. de Weck*, Bern

Dedicated to the Memory of Robert Koch on Occasion of the
100th Anniversary of His Discovery of *M. tuberculosis*

Host Parasite Relationships in Gram-Negative Infections

Volume Editors

Lars Åke Hanson, Göteborg; *Paul Kallós*, Helsingborg, and
Otto Westphal, Freiburg i. Br.

56 figures and 80 tables, 1983

Progress in Allergy

- Vol. 30: Recent Trends in Allergen and Complement Research. P. Kallós, Helsingborg (ed.)
XIV + 234 p., 56 fig., 32 tab., 1982. ISBN 3-8055-2580-X
- Vol. 31: Immunity and Concomitant Immunity in Infectious Diseases. P. Kallós,
Helsingborg (ed.)
XVI + 364 p., 14 fig., 13 tab., 1982. ISBN 3-8055-3464-7
- Vol. 32: Regulation of the IgE Antibody Response. K. Ishizaka, Baltimore, Md. (ed.)
X + 346 p., 68 fig., 51 tab., 1982. ISBN 3-8055-3470-1
-

Drug Dosage

The authors and the publisher have exerted every effort to ensure that drug selection and dosage set forth in this text are in accord with current recommendations and practice at the time of publication. However, in view of ongoing research, changes in government regulations, and the constant flow of information relating to drug therapy and drug reactions, the reader is urged to check the package insert for each drug for any change in indications and dosage and for added warnings and precautions. This is particularly important when the recommended agent is a new and/or infrequently employed drug.
